

REMARKS/ARGUMENTS

Submitted herewith are new Powers of Attorney and a Change in Correspondence Address in this application. It is respectfully requested that the Docket Number in this application be changed to read – MESH014.

Reconsideration of this application in light of the present amendment and remarks is respectfully requested. In the outstanding office action, claims 1-20 are pending in the application. Claims 1, 5, 12, and 16 are objected to for informalities. Claims 1-20 are rejected under the judicially created doctrine of double patenting.

Objection of Claims 1, 5, 12, and 16

In response to the Examiner's objection to Claims 1, 5, 12, and 16 for the informality of the phrase "adapted to" not constituting a limitation in any patentable sense, Applicants have amended such claims to remove the phrase "adapted to."

Double Patenting Rejection of Claims 1-20:

In response to the Examiner's rejection under the judicially created doctrine of obviousness-type double patenting of Claims 1-20 as being unpatentable over claims 1-30 of United States Patent Number 6,873,839, a terminal disclaimer, in compliance with 37 CFR § 1.321(c), is filed of even date herewith to overcome the double patenting rejection. Since the above mentioned application and United States Patent Number 6,873,839 are commonly owned by the same assignee of the application, it is believed that the terminal disclaimer overcomes the double patenting rejection.

No amendment made was related to the statutory requirements of patentability unless expressly stated herein. No amendment made was for the purpose of narrowing the scope of any claim, unless Applicant has argued herein that such amendment was made to distinguish over a particular reference or combination of references.

The Applicants believe that the subject application, as amended, is in condition for allowance. Such action is earnestly solicited by the Applicants.

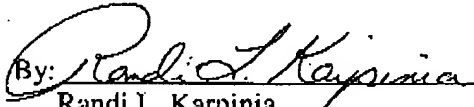

In the event that the Examiner deems the present application non-allowable, it is requested that the Examiner telephone the Applicant's attorney or agent at the number indicated below so that the prosecution of the present case may be advanced by the clarification of any continuing rejection.

The Commissioner is hereby authorized to charge Deposit Account 502117, Motorola, Inc, with any fees which may be required in the prosecution of this application.

Respectfully submitted,

January 17, 2006
